

### Permission for use of Photos and Video

Part of the training process at Auswide Projects involves collecting different forms of evidence from learners to establish competence against the standards of the training package.

This evidence sometimes includes the use of photographs and/or video footage of the learner performing tasks relevant to their training.

Prior to this evidence being collected, permission must be obtained from the learner. If the learner is under the age of 18, permission is required from the trainee's parent or guardian.

In addition, some photos may be used as part of Auswide Projects advertising and promotional material.

I understand that all photographs and/or video footage will become the property of Auswide Projects.

I do/do not give Auswide Projects consent to use photographs and / or video footage of myself as part of the evidence requirements for the training package I am undertaking.

**Signature:** \_\_\_\_\_  
(If under 18 parent / guardian to sign)

### Authority to Release Information

While you are undertaking your training program, there will be times when Auswide Projects and/or its training representative needs to discuss your situation with other related organisations (eg, Job Networks, State Training Authority).

We will not discuss your training and assessment with others unless we have your written permission to do so.

**Signature:** \_\_\_\_\_  
(If under 18 parent / guardian to sign)

If you have any questions or concerns regarding these matters please phone 1300 721 376.

Regards
